

WE TAKE CARE OF YOU TO YOU CARE FOR THE PLANET

Unlike other water purification systems on the market, RO Bolt has no watertight tank, which is a source of contamination.

You can enjoy healthy water according to your needs, which will come out of the RO Bolt tap uninterruptedly, in quantity and quality.

RO BOLT does not generate waste or plastics that pollute the planet.

PURE WATER WITHOUT LIMITS FROM YOUR FAUCET TO YOUR GLASS

STOP VIRUSES AND BACTERIA

RO Bolt filters remove sediment, corrosion and other solids, as well as organic compounds and microorganisms, making the only thing that interests you prevail: a water free of flavors and odors.

LEAK DETECTION SYSTEM

With RO Bolt you only have to worry about opening the tap when you need it. And when you close it, **it will work to detect potential leaks and lock automatically** so there are no surprises.

HIGHEST PERFORMANCE

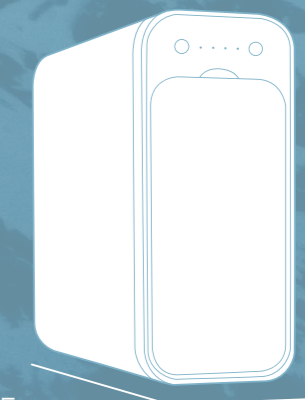

RO Bolt incorporates an **automatic membrane cleaning system**, which prevents clogging, extends its life and ensures that the water always has the highest quality and best taste.

A SUSTAINABLE TEAM

The front LED panel of RO Bolt **indicates the status of the filters and the quality of the water**, always ensuring the maximum performance of the equipment. You have pure water when you need it, no more, no less.
