

→ Direct Flow Reverse Osmosis

# RO KLEIN 800

(Ref.911027)

## DESCRIPTION

Advanced direct flow equipment  
Instant unlimited water  
No accumulation tank  
Electronic faucet  
Water quality and filter useful life notice

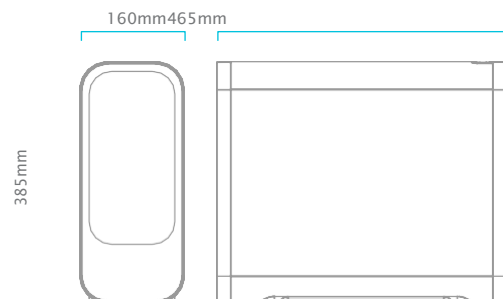

## CHARACTERISTICS

|                              |                           |
|------------------------------|---------------------------|
| WEIGHT                       | 16kg                      |
| FLOW                         | 1.5/2 LPM                 |
| INLET TEMPERATURE            | 38°C - 5°C                |
| TDS INPUT                    | 1500ppm                   |
| INLET PRESSURE               | 1/4 bar 100 - 400 kPa     |
| FILTER                       | Combined PP+active carbon |
| MEMBRANE                     | 800 GPD                   |
| FAUCET                       | Smart faucet              |
| PUMP                         | Booster                   |
| ELECTRICAL POWER SUPPLY      | 24 Vdc 95 W               |
| EXTERNAL ELECTRICAL ADAPTER. | 110 - 240V. 50/60Hz 24W.  |

- CLICK
- FILTER CONTROL
- AQUASTOP
- DIRECT FLOW
- STATUS LED
- HIGH PERFORMANCE ENGINE
- CAPSULATED MEMBRANE
- SMART FAUCET

## ORIGINAL FILTERS

Combi sediment + carbon filter (Ref. 910425)  
800 GPD membrane (Ref. 911030)

AGREDITADO POR ENAC  
Certif. nº 34/5200/14/0712

WLG (B-60326279), is a member of the Water Quality Association.

The marketing of water treatment equipment and household appliances, as well as the design and delivery of non-regulated training related to the technology of the marketed equipment, are certified and comply with the UNE-ISO-9001 standard for WLG (B-60326279).

WLG (B-60326279) is a partner of Aqua Spain, this association belonging to Aqua Europa (Federation of European National Associations).

WLG (B-60326279), has the granting of the authorization of Authorized Economic Operator (AEO), with the number ESAEOF18000008U6 and date of entry into force of the authorization 02/13/2018.
